The Ohio League for Nursing promotes and fosters nursing careers through public education and information programs. The League provides information for potential nursing students. Membership in the League is open to the general public as well as nurses.

## TO BECOME A NURSING STUDENT:

1. Applicant must be a high school graduate or have passed the Graduate Equivalence Examination (GED) given by the Board of Education.
2. Select several schools with entrance requirements which you think you can meet — and contact them. RN schools generally require high school credits which include: 4 years English, 2-3 years social studies, 2-3 years math, 2-3 years science (including chemistry), 2-3 years foreign language (depending on the type of program). Requirements for PN programs may be different.
3. For those in high school it is suggested you inquire at one or more schools not later than your junior year to prepare for any special courses and/or entrance tests that may be required.
4. The Schools of Nursing will advise you:
  - a. About their own specific entrance requirements.
  - b. How to obtain a transcript of your high school academic record.
  - c. When and where to report for your pre-entrance test, if applicable, physical examination, and personal interview.
5. Take any required entrance test as early as possible in your senior year of high school.
6. Adults, post-baccalaureate students, and those persons considering a career change are encouraged to apply and generally considered on an individual basis.
7. Financial aid counseling is part of the admissions process. Be sure you discuss scholarships, grants and loans available if you will need financial aid.
8. Make an appointment to meet with the school representative and visit the schools of your choice.
